Attached are recommendations detailing particulars for the display of assigned numbers. It is our suggestion that the numbers be made of reflective material to permit identification at night.

When calling for any emergency service, please remember to state your house number, road name and geographical location.

Your co-operation in this important matter would be appreciated.

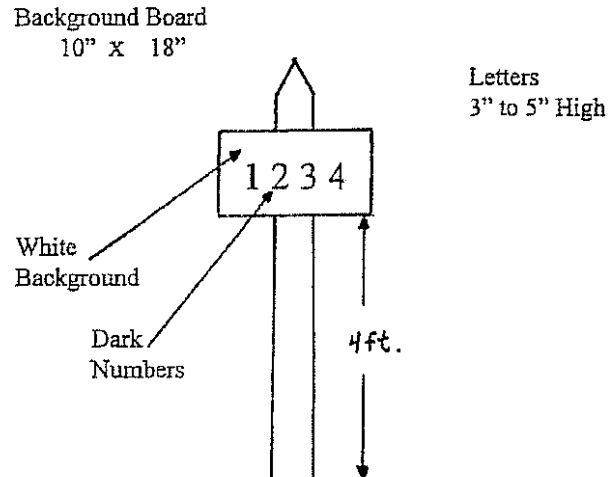

Yours truly,

The following are recommendations used in past house numbering systems:

1. Numerals to be displayed on a post at least 45 inches from ground level, mounted on a 10" X 18" background - painted white.
2. Numerals to be painted a dark colour or made of a dark reflective material.
3. Numerals must not be obstructed by trees or shrubs, and placed at entrance to property from street.
4. Numerals to be 3" to 5" high.
5. Property owner's "name sign" is to be the only other sign displayed on this post.
